60 EMJMD scholarships (14 for programme countries, 46 for partner countries) were allocated to the STRAINS programme by THE EACEA for 5 years (2021/2026) corresponding to 4 cohorts of students.

15 scholarships have been awarded for this third cohort:

- 4 from programme countries applicants
- 11 from partner countries applicants

This number is not fixed and will vary from year to year.

The main and reserve list were established at the meeting of the members of the selection committee.

All applicants on main list have to accept or refuse the scholarship offer.

The scholarship candidates on the reserve list can receive an EM scholarship only in case of withdrawal of a student from the main list. The replacement of a "main list" student by a "reserve list" can be made only if he/she is replaced by the first eligible candidate on the reserve list.

In this particular case, attention should be paid to the EMJMD condition concerning the nationality of the reserve list candidate and to the rule regarding the presence of a maximum of three nationals from the same country among the scholarship holders for a given category of students (Programme / Partner Country). In this case (i.e. there are already three other students with the same nationality on the main list), the consortium will have to take the next eligible candidate respecting its ranking list.
